

The Shiloh Shepherd Registry (TSSR) Registry Rules & Regulations Effective January 16, 2002

Revised 05/2009

ARTICLE I. PURPOSE

1. To promote and protect the interests of the Shiloh Shepherd.
2. To clearly define and enforce the rules under which a Shiloh Shepherd may be entered into The Shiloh Shepherd Registry (TSSR).
3. To create a database of information available to signers of TSSR Breeders Code of Ethics
4. To incorporate any breeding practices necessary to reduce the occurrence of genetic faults and improve the attributes of the breed while adhering to the Shiloh Shepherd breed standard.
5. The Shiloh Shepherd Registry [TSSR] is a non-profit Incorporation, governed and operated by TSSR Board of Directors.

ARTICLE II. LITTER REGISTRATION

Section A. LITTER REGISTRATION REGULATIONS

1. Either the sire or the dam (or both) must be registered with TSSR permanent Adult Breeding Certificates of Registration for a Litter Application to be accepted.
2. **TSSR Shiloh males may be bred outside the registry.** The TSSR highly recommends that the outside female has hip, heart and thyroid health testing, *but is not mandatory*. Outside breeding is at the discretion of the breeder.
3. **TSSR Shiloh females may breed outside the registry** . Hip, Heart and DNA testing (of outside male) is REQUIRED by the TSSR for the progeny to be registered with the TSSR. The TSSR does recommend additional health testing on males chosen from outside registries, *but is not required*. Progeny resulting from this pairing and registered with the TSSR will be required to complete TSSR health testing to receive a breeding certificate of registration.
 - a. TSSR requires that the non-TSSR registered dog or bitch submit the following information before the planned breeding takes place:
 - (1). A copy of their current registration certificate
 - (2). Passing hip certification rated either as:
 - (a). OFA Fair, Good or Excellent.
 - (b). Penn Hip where both hips must be scored not over . 50 with no degenerative joint disease.
 - (3). OFA heart certification (outside males).
 - (4). Positive DNA parentage test results.

- (5). Four pictures of the individual dog to be registered (taken while standing, views from front, rear, left side and right side).
 - (6). Certificate validating height and weight (recommended)
 - (7). A passing temperament test certificate or equivalent (recommended)
 - (8). A completed TSSR Faults and Virtues Form (recommended)
4. No litters will be registered from any dam less than 24 months of age or over the age of 7.5 years (90 mos).
5. No litters will be registered out of any dog/bitch or breeder whose privileges have been suspended.
- a. Only litters owned or produced by breeders who have signed the TSSR Breeders Code of Ethics are eligible for TSSR registration papers.
6. It is required that all progeny must have resulted from a breeding Shiloh Shepherd parents who both possess Permanent Adult Breeding Certificates or Permanent Adult Restricted Breeding Certificates.
7. Dual registration of litters with any other registry is not allowed. Dual registration is allowed for showing purposes only. **NOTE: TSSR Breeders are allowed to own Shiloh Shepherds that are not registered with the TSSR. It is no longer mandatory to have ALL your Shilohs registered with the TSSR. Those Shiloh Shepherds that ARE registered with the TSSR should NOT be dual registered, except for show purposes.**
- ***8. Any exceptions to these regulations must be reviewed and agreed upon by a majority vote of TSSR Board of Directors members prior to the time of breeding.***

Section B. LITTER REGISTRATION APPLICATION

1. The Litter Application for puppy registration must be filled out completely and submitted to TSSR when puppies are between 49-70 days of age. The application must include:
- a. The exact number of puppies in the litter.
 - b. Specific details on the litter regarding sex, color, coat, and any unusual markings.
 - c. 1 picture of each individual puppy (taken within 10 days of birth).
 - d. 2 pictures of the entire litter with the dam (taken within 10 days of birth).
 - e. 2 pictures of the entire litter taken between 49-70 days of age.
 - f. Litter Health Report.

2. The recorded owner of the litter at birth will be issued a Blue Certificate of Registration for each puppy over 60 days of age as described on the litter application.
3. The breeder must submit to TSSR a completed Litter Placement Form no later than 180 days from the birth of a litter.
4. ****As of July 1, 2004, updated DNA with UC Davis must be on file with the TSSR registrar on any Shilohs (Sire and Dam) applying for litter application.**

ARTICLE III. CERTIFICATES OF REGISTRATION

Section A. BLUE CERTIFICATE OF REGISTRATION

1. One Blue Certificate per puppy will be issued to the owner of the litter at birth once the litter application has been submitted and approved.
2. The breeder will transfer each Blue Certificate to the puppy owner.
3. All Blue Certificates must be returned to TSSR prior to the puppy's 7 month birthday.
4. A fee of \$20.00 made payable to TSSR must be included.
5. TSSR will then issue to the owner a Temporary Pink Registration Certificate for the puppy.

Section B. TEMPORARY CERTIFICATE OF REGISTRATION

1. The puppy owner must return the Temporary Registration along with the items required by TSSR for Permanent Registration between the ages of 12-27 months for Adult Non-breeding Certificates, or 24-27 months for Adult Permanent Breeding Certificates and Adult Permanent Restricted Breeding Certificates.
2. A 90 day extension may be requested by contacting the Registrar prior to the 27th month expiration.

Section C. PERMANENT ADULT BREEDING CERTIFICATES OF REGISTRATION

1. Breeding Certificates of Registration will be issued to all dogs between 24-27 months of age who meet/submit the following requirements:
 - a. Passing hip certification
 - ** (1). OFA Finals---Fair, Good or Excellent.
 - ** (2). Penn Hip where both hips must score not over .50, with no degenerative joint disease.
 - ** (3). OVC Finals--Normal
 - b. Proven DNA results that show positive parentage – reads “indicated parents qualify”

- c. OFA Heart certification.
- d. A certificate validating height (minimum 28"males-26"females)and weight signed by a veterinarian, canine judge, accredited trainer, member of the TSSR Board of Directors, or a Certified Temperament Tester.
- e. A copy of an approved Temperament Test Certificate, or a copy of a CGC, CGN or TDI certificate (with gun fire) Certificate, or a temperament test on video (reviewed and scored by a member of TSSR Board of Directors done no younger than 12 months of age).
- f. A certificate signed by a veterinarian stating that a male dog has two fully descended testicles.
- g. Four pictures of the individual dog to be registered (taken while standing, views from front, rear, left side and right side).
- h. A completed Faults & Virtues form.
- i. A fee of \$25.00 made payable to TSSR.

Restricted Breeding Certificates of Registration require all of the above information on file and are issued for the following: Males approved for breeding between the age of 12 mos-24 mos (OTX or Shiloh) or any upgraded breeding dog designated by the breeder to be "restricted".

****Exception: A male Shiloh Shepherd completing all required health testing (hip & heart) that has prelim hip certification of OFA Good or better , OVC Normal or Penn Hip numbers no greater then 0.50 may request approval of the Board of Directors to be bred between the age of 1 year and 2 years. The BOD will look at all health testing, LMI/LMX information, along with reason for the request when making a decision. If approved all health testing certificates must be on file with the TSSR registrar and final hip certification at 2 years of age must be completed or breeding rights will be revoked.**

Section D. **PERMANENT ADULT NON-BREEDING CERTIFICATES OF REGISTRATION**

1. Permanent Adult Non-Breeding Certificates of Registration will be issued to all dogs between 12-27 months of age who meet/submit the following requirements
 - a. Hip report from either OFA, OVC or Penn HIP (highly recommended for LMI information).
 - b. A completed Faults and Virtues Form;
 - c. A certificate validating height & weight signed by a veterinarian, canine judge, accredited trainer, member of the Board of Directors, or a Certified Temperament Tester.
 - d. 4 Pictures of the individual dog to be registered (taken while standing, views from the front, rear, left side and right side).
 - e. A fee of \$5 made payable to TSSR (if photo placed on certificate).

2. Only Non-Breeding Certificates of Registration will be issued to any dog/bitch who:
 - a. Fails to pass any requirement for Permanent Adult Breeding Certificates of Registration.
 - b. Fails to make minimum size requirements (as defined in the Breed Standard), unless exception has been approved by the Board of Directors.
 - c. Has been specifically sold with a non-breeding registration certificates (unless upgrade has been approved by Breeder).

Section F. **EXCEPTIONS**

1. Any dog may change from Adult Non-Breeding to Adult Breeding Certificate if it meets all requirements.
 - a. All required items for Permanent Adult Breeding Papers must be submitted for TSSR approval.
 - b. The upgrade needs to be approved by the breeder.
 - b. A \$25.00 fee payable to TSSR is required for this upgrade.A request for a deadline extension may be applied for prior to a dog/bitch's 27th month birthday. Deadline extension should be sent to the Registrar.

ARTICLE IV. REGISTRATION REQUIREMENTS FOR DOGS TRANSFERRING INTO THE TSSR

Section A **REQUIREMENTS**

1. Dogs who wish to be transferred from another registry to TSSR must provide the following:
 - a. Any dog under the age of 27 months may apply for **Temporary Registration Certificates** by providing
 - [1]. A pedigree or current registration certificate.
 - [2]. 4 pictures of the individual dog to be registered (taken while standing, views from front, rear, left side and right side).
 - [3]. Owner will then follow Adult Registration Certificate guidelines
 - [4]. Transfer fees for pink puppy papers are \$20 made payable to TSSR.
 - b. Any dog applying for **Adult Breeding Certificates** must provide
 - [1]. Original pedigree or current registration certificate.
 - [2]. Copy of DNA results, with both parents indicated as "qualifying".
 - [3]. Passing FINAL hip certification rated either as:
 - A. OFA Fair, Good or Excellent.
 - B. OVC Normal
 - C. Penn Hip where both hips must score not over .50, **with no degenerative joint disease.**
 - [4]. OFA Heart Certificates .
 - [5]. Completed Fault and Virtue Chart
 - [6]. 4 pictures of the individual dog to be registered taken while standing, views from front, rear, left side and right side).

- [7]. Copy of TT or CGC, CGN, or video
- [8]. Transfer fees for adult breeding papers are \$25 made payable to TSSR.
- c. Any dog applying for **Adult Non-breeding Certificates** must provide
 - [1]. A pedigree or current registration certificate.
 - [2]. 4 pictures of the individual dog to be registered (taken while standing, views from front, rear, left side and right side).
 - [3]. Copy of hip certification from OFA, OVC or Penn Hip(recommended).
 - [4]. Transfer fees for non-breeding papers are \$5 made payable to TSSR.
- d. No dog will be accepted that is co-owned or has a breeder agreement without the approval in writing of the co-owner/breeder.

Section B. **EXCEPTIONS**

1. Any Outcross progeny from other registries will enter a modified Outcross program and abide by all guidelines under the TSSR outcross program.
2. Any dog or bitch not meeting all the requirements for either Adult Breeding Certificates or Adult Nonbreeding certificates may petition the Board of Directors for approval.

ARTICLE V. HEALTH AND TEMPERAMENT CERTIFICATES

Section A. **TEMPERAMENT TEST CERTIFICATES**

1. Will be issued to any dog/bitch over 12 months of age that has a passing score on the 10 station test.
2. Any dog that fails to pass can be tested again after a 24 hour waiting period has expired.
3. No other limitations are placed on the number of times any specific dog can be tested.
4. TDI testing, CGC and CGN testing are also acceptable certifications for temperament.

Section B. **HIP CERTIFICATES**

1. OFA certificates and or Penn Hip Certificates submitted to TSSR will be maintained in each dog's Registry File.
2. Upgrade x -rays of any dog may be submitted at any time. The new certificate will replace the previous certificate in the Registry file. In order for the new certificate to be valid a DNA certificate taken at the time of the latest x -ray must accompany it, or if a microchip was recorded at time of the first x-ray, a scan of this microchip will suffice as proof of the dog being x-rayed.
3. Permanent hip certification is required for an actively breeding dog.
 - Final certification as determined by the certifying agency.
 - OFA—2 years
 - OVC—18 mos

Penn Hip will be considered final at 18 mos. of age by the TSSR

Section C. **HEART CERTIFICATES**

1. OFA heart certification should be done when the dog is between the ages of 12-24+ months of age. (Certification by a cardiologist or specialist is *highly recommended*).
2. Upgrades of heart certification may be submitted at any time. The new certificate will replace the previous certificate in the Registry file.

Section D **ADDITIONAL HEALTH TESTING**

1. Elbow, thyroid and EPI testing is highly recommended, but not required.

ARTICLE VI. CERTIFICATE OF REGISTRATION REPLACEMENTS, AMENDMENTS, AND TRANSFERS

1. If a registered dog is sold without the Certificate of Registration, the Certificate should be surrendered by the recorded owner to the Registry for cancellation.
2. A request for a duplicate registration certificate can be sent to the registrar by the recorded owner, in writing, along with the dogs full registered name and a check for \$5.00 made payable to TSSR. The breeder of a litter can request a duplicate blue paper by sending in the blue paper litter number (can be found on the litter placement form), the sire and dam of the litter, DOB of the litter, along with a check for \$ 5.00 made payable to TSSR for each duplicate blue papers requested.
3. To obtain a replacement for a damaged Registration Certificate recorded owner must submit the original certificate to TSSR and pay a replacement fee of \$5.00.
4. A recorded owner may request a change on the dog's Certificate by submitting the Certificate of Registration and appropriate supporting documentation to TSSR. There shall be no charge for one amended Certificate in any 12-month period. Additional Certificates will be \$5.00 if requested in less than a 12-month period unless the error was made by the registrar.
5. Upon the death of any registered dog, a copy of the dogs Certificate of Registration and a statement signed by the recorded owner showing the date of and cause of death should be submitted to TSSR for recording.
6. Whenever legal title to a registered dog passes to another by any operation of the law (death, divorce, etc), TSSR will transfer the registration of such dog to the new owner for a \$5.00 fee.
7. Anyone wishing to downgrade their dog's papers from breeding to non-breeding should notify the TSSR registrar of this change. New non-breeding papers will be issued with no fee charged.

ARTICLE VII. SUSPENSIONS/REVOCATIONS OF REGISTRATION CERTIFICATES AND SERVICES

1. If any breeder has outstanding fines and/or fees, no TSSR services or TSSR activities will be allowed. This includes, but is not limited to, registration of dogs or litters, issuance of certificates, win sheet tabulation, upgrades or access to database information.
2. A breeder who violates the Breeders Code of Ethics, and/or falsifies any information may also lose access to TSSR services and TSSR activities, including registration of dogs and/or litters, issuance of certificates, win sheet tabulation, upgrades or access to database information. Any breeder advertising on the TSSR website must sign the Breeders Code of Ethics for his/her kennel to be maintained on the website.
3. Complaints shall be referred to the Board of Directors for action. Complaints will be reviewed and disciplinary actions, if any, shall be determined by majority vote of the Board of Directors.

ARTICLE VIII. DOG NAME REGISTRATION

1. Each Blue Certificate will have an area with 30 empty blocks that may be used when selecting a specific name. The newly chosen name cannot consist of more than the allowed spaces and must also meet the following requirements:
 - a. One block must be left empty between each word, unless punctuation or hyphen is used to separate or accentuate a particular group of words.
 - b. Each dog's name must contain one of the following: the registered kennel name of the breeder or co-breeder or the last name of the breeder or co-breeder as a suffix or prefix.
 - c. Obscenities, derogatory terms, breed names, and names of prominent people will not be allowed.

The Board of Directors reserves the right to determine whether or not a word or phrase is classified as one the above mentioned.

- d. In the event that the name selected has already been used, the owner will be notified and an alternative selection can then be submitted.

ARTICLE IX. KENNEL NAME REGISTRATION

1. To register any particular name as a specific " kennel name" to be used only by the owner of same, a TSSR Kennel Application, a signed copy of the Breeders Code of Ethics, and a one time fee of \$50.00 (made payable to TSSR) must be submitted to the Registry.
2. Once the chosen name is reserved no other person will be allowed to register any dogs using that name except when naming progeny that specifically originated from that particular kennel.
3. There are no time limits attached to the use of any specific kennel name.

ARTICLE X. LITTERMATE INFORMATION PROGRAM (LMI)

1. The LMI Program is designed to provide breeders with information enabling them to make knowledgeable breeding decisions.
2. Littermate information is gathered throughout the registration process and includes but is not limited to the following:
 - a. Hip certification.
 - b. Faults and Virtues form, including color, coat, and any health problems.
 - c. Verified height, weight form.
3. The information regarding each puppy in a litter (LMI) will be compiled by the registrar and made available upon request to TSSR breeders in good standing.
4. Breeders should report a combined average return rate of at least 50 percent LMI data from all litters produced.
5. Partial information is acceptable, though it may not qualify the puppy for upgraded registration papers.
6. Any breeder found by the Board of Directors to have deliberately withheld or provided false LMI information may face the suspension and/ or revocation of any and all TSSR privileges.

ARTICLE XI BREED WARNINGS

1. Breed warnings may be assigned and/or dismissed by the Board of Directors on any dog/bitch that carries excessive genetic faults.
 - TSSR reserves the right to place a breed warning on any dog proven to produce substantial genetic problems that unregulated breeding would put the gene pool at risk. Dogs carrying breed warnings should not be inbred upon, nor tightly line bred upon. Dogs without breed warnings may still produce offspring with genetic problems. No line is problem free, and TSSR encourages breeders to thoroughly investigate the lines behind a potential breeding pair.

ARTICLE XII. OUTCROSS PROGRAM

Section A. OBJECTIVE OF THE OUTCROSS PROGRAM

1. To expand the gene pool while retaining the Shiloh “type”, health, and temperament.
2. No dog will be considered that possesses health problems, or the conformation faults we seek to improve in Shiloh Shepherds. It is our goal to bring dogs into the gene pool that meet the above objectives of the Outcross Program.

Section B. REQUIREMENTS FOR OUTCROSS (NON-SHILOH SHEPHERD)

1. Males must be free from any serious/DQ Shiloh faults as according to breed standard- the exception to this rule is height, as the standard GSD height maximum is beneath our height minimum.
 - [a]. Should not have excessive rear angulation, or sloping top line- should be as close to Shiloh Shepherd breed standard as possible.
 - [b]. Should not have the same fault as the Shiloh it is being bred to.

Must have the following certificates/tests to ensure the health of the dog we are bringing into our gene pool:

Hips

- . OFA rating of Good or Excellent
- OVC normal
- Penn Hip scores of less than 0.50 with no DJD.
- . Equivalent rating of OFA Excellent or Good from a foreign registry

Must be in good health and free from any obvious genetically linked disease.

- The breeder of the outcross dog must be asked if any of the following health problems are evident in the dog's lines:
- Panosteitis, umbilical hernias, perianal fistulas, bloat, cancer, mega esophagus, epilepsy, SAS, PRAA, PDA, cataracts, pannus, and degenerative myelopathy.

2. Recommended Testing

Blood Tests

- . EPI
- . full Thyroid panel
- . Von Willibrands Disease

Physical

- . OFA normal elbows
- Heart OFA Certification
- CERF

3. Pictures and Pedigrees

[1]. Pictures (head, sides, front and rear) of the dog

[2]. Video of movement of dog (front, rear and side), requested

[3]. A 4 generation pedigree, 7 is preferred

[4]. Pictures of sire and dam

[5]. Pictures of grandparents, siblings, or offspring are highly recommended.

[6]. LMI highly recommended (is included on pedigree of European dogs)

4. Female (female dog to be used as an outcross)

- a. Requirements are the same as listed for males

Section C. REQUIREMENTS FOR THE SHILOH SHEPHERD USED IN THE OUTCROSS PROGRAM

1. Must have obtained adult breeding registration papers from TSSR.
2. Should not have the same fault as the outcross dog it is being bred to.
3. Must be free from any health problems or genetic disease

4. Should provide LMI information

Section D. **BREEDER REQUIREMENTS**

1. Must be a TSSR breeder in good standing, and a signer of the Breeder's Code of Ethics
2. Must request approval from the Board of Directors.
3. Must provide all necessary information about dog to be used as outcross, and the Shiloh Shepherd to be used.
4. Sign TSSR statement agreeing to the following:
 - a. New owners will be told puppies are part of the Outcross Program, and as such have limited registration and showing privileges as according to the Outcross program.
 - b. Will **strive** to attain 100% LMI and must be willing to disclose all information on the progress of the litter, as well as provide pictures and written updates at 12 and 24 months of age. Any LMI/LMX information after this age should be reported to the registrar for documentation in the OTX records.
 - b. All of the above are required for breeders of OTX Level 1 and Level 2 litters.

Section E. **THE PROGRAM**

1. The Registrar will designate the letter "O" as the first character in the registration number of any outcross offspring. The second character would represent the breedable status as "**R**" **restricted**, or "**N**" **non breeding**. The third character would be a number from 1-4 showing the generation of the outcross.
If the specific dog is the result of breeding two outcross lines, the lowest generation number will be used in the registration number.— these dogs will have numbers starting with **DO (Double Outcross)**
 - a. Example of a first generation breedable outcross offspring would read : OR10101, second generation- OR20101 and on until the 4th generation.
 - b. The name of all originating outcross dogs entered into our database will be prefixed with an asterisks.

HEALTH TESTING REQUIREMENTS FOR PROGENY OF AN OUTCROSS BREEDING—THIS INCLUDES LEVELS 1, 2, 3

Hip and heart testing is mandatory on outcross progeny to verify health status of the new lines being brought into the gene pool. Thyroid and elbow testing is highly recommended.

2. **OTX Level 1- *result of the Outcross and Shiloh Shepherd mating.***
 - a. OTX Level 1 puppies may not be shown as a Shiloh Shepherd except in special outcross classes held at TSSR sponsored or those show organizations that allow outcross level 1 to participate at their shows.

- b. >70% of the hips pass, no serious health problems.
 - c. 70% LMI data must be gathered on this litter
 - d. If 2 and 3 above are met, as well as all requirements for obtaining adult breeding registration (DNA verification may be waived) a puppy may be considered for breeding, only if approved by the Board of Directors (**any exception must be approved by the BOD**).
3. **OTX Level 2** – result of an OTX 1 and Shiloh Shepherd mating.
- a. OTX Level 2 puppies may not be shown as a Shiloh Shepherd except in special outcross classes held only at TSSR sponsored or those show organizations that allow outcrosses to participate at their shows.
 - b. Must meet the same LMI, hip, and health and requirements of OTX Level 1.
 - c. If a and b above are met, as well as all requirements for obtaining adult breeding registration a puppy may be considered for breeding if approved by the Board of Directors (**any exception must be approved by the BOD**).
4. **OTX Level 3**- result of an OTX 2 and Shiloh Shepherd mating.
- a. OTX Level 3 puppies can be sold and shown as fully registered Shiloh Shepherds but will carry the letter “O” as the beginning character of its registration number.
 - b. Must obtain TSSR adult breeding papers, and have passing LMI as according to registry rules.
 - d. Resulting progeny from an OTX Level 3 dog will be able to be sold with pet/non breeding, upgradeable, or adult breeding paper, considered a full Shiloh Shepherd, and required to comply with all TSSR rules for breeding dogs.
5. **Male OTX Level 1, 2** upon passing mandatory health testing (hip & heart) may **request** Breeders Coalition approval to be eligible to breed after 1 year of age. Preliminary hip certification must be OFA prelim of Good or better, OVC normal or Penn Hip numbers less than 0.50. **All test reports need to be on file with the TSSR registrar prior to any breeding between the age of 1 year and 2 years. All health certificates, LMI/LMX and reason for breeding before 2 years of age will be taken into consideration by the BOD. Final hip certification at 2 years of age is mandatory or breeding privileges will be revoked. Exception to the final hip rule can be granted by Board of Directors in rare cases where final hips after 2 years of age are not possible to attain.**
6. **Outcross progeny candidates** will be reviewed by the BOD. OTX 1,2, after passing all required health testing will be reviewed/passed for breeding into the Shiloh pool. After final approval, it will not be necessary for breedings with the approved outcross to be brought before the BOD for approval. Breeder education on the outcrosses is important so over-breeding of these males/females does not occur.

7. **Approved OTX 1 and 2** will be allowed to be bred outside the TSSR. It is **HIGHLY RECOMMENDED** that any mate for a TSSR outcross have hip, heart, and thyroid testing done. A TSSR female OTX 1 and 2 mate is **required** to have Hip, Heart and DNA testing completed for the progeny of this pairing to be registered with the TSSR. (Same rule as a female Shiloh breeding outside the TSSR).

EXCEPTIONS

1. If there is not sufficient data (i.e. not the required percentage of LMI or hip data, or a singleton litter) the breeder may appeal to the Board of Directors to allow the dog to be bred.
2. **Any exception to the above rules may be approved with majority vote of the BOD.**

ARTICLE XIV. TITLES

Section A. **CHAMPION CERTIFICATES**

1. **Adult Champion Certificates** will be presented to any dog or bitch registered with TSSR that is at least 15 months of age or older and has accumulated a total of 15 or more points under 3 or more different judges with at least 2 majors (under different judges) **Championship certificates will be issued by the registrar when notified that Championship status has been attained.**
2. **Junior Breed Championship Certificates** will be awarded to any dog or bitch registered with TSSR who has not reached 15 months of age but has met all other requirements for an Adult Championship. The dog/bitch will not carry the title of Junior Champion on Registration Papers. **To attain Adult Champion status the Jr. Breed Champion needs to attain 1 major after the age of 15 months—this can be done by winning a major in class(3, 4, or 5 pts) or if showing at Champion status of the show organization (ARBA, RARITIES, etc) by winning BOB or BOS with at least 3 or more Shilohs of the same sex in the ring. A major group win, Reserve BIS or BIS will also qualify as a major win.**
3. Outcrosses are eligible for breed championship status under the same rules as a Shiloh Shepherd.

Section B. **CHAMPIONSHIP POINTS**

1. Winners dog/bitch (WD or WB) at any show earns 1 point for every other Shiloh Shepherd entered over the age of 6 months of the same sex.
2. Best of Winners will receive the same number of points as the higher number of either the WD or WB winner.
3. Group 1, 2, 3, 4 winners earn the points as indicated in the table below.

# OF BREEDS IN Group	1ST PLACE	2ND PLACE	3RD PLACE	4TH PLACE
9 OR MORE	5	4	3	2
8	4	3	2	1

7	3	2	1	0
6	2	1	0	0
5	1	0	0	0
4	1	0	0	0
3	1	0	0	0
2	1	0	0	0

4. In the event that the points earned in Group Competition are greater than those earned in breed competition, the greater number applies. At no time will the points earned for the breed and group wins be combined.
5. A Best In Show or Reserve Best In Show (ADULT) winner will automatically be calculated as a 5 point major.
6. 5 points is the maximum number of points to be awarded for any one show.
7. Win sheets must be sent to the Show Chairperson and postmarked no later than 10 days from the date of the show in order for points to be awarded.

Section C. GRAND VICTOR/VICTRIX (GV) and NATIONAL SELECT (NS) AWARDS

1. All Shiloh Shepherds competing for these awards must have TSSR Permanent Adult Breeding Registration Certificates and have obtained their Adult Breed Championship prior to the close of that fiscal year.
2. Point tabulation will be kept by the Show Chairperson on a continuing basis as follows:
 - a. Best of Breed (BOB) winner will be credited with 1 point for each Shiloh Shepherd over the age of 6 months defeated in competition including self.
 - b. Best of Opposite (BOS) winner will be credited 1 point less than the BOB winner.
3. The highest scoring dog/bitch at the end of each fiscal year will earn the prestigious titles of Grand Victor and Grand Victrix. The winners will carry the prefix of "GV" in their registered name.
4. The next 10 highest scoring dogs and bitches earn the prestigious title of National Select. All National Select winners will carry the prefix of "NS" in their registered name.
5. The permanent Adult Breeding Registration Certificates of these dogs/bitches will be automatically upgraded by TSSR free of charge.
6. This is a yearly tabulation beginning on January 1st and ending December 31st.
7. The Shiloh Shepherd must be registered with the TSSR for the full fiscal point year to qualify. Those Shilohs transferring into the TSSR will carry over breed points/breed championships. GV/NS points gathered prior to transfer will not count towards a TSSR award--only GV/NS points earned after the transfer will count towards a TSSR award.

Section D. PUPPY OF THE YEAR

1. Any TSSR dog/bitch who has obtained their Junior Championship or Adult Championship but is not eligible to obtain their Adult Registration due to age, and has accumulated GV/NS points is eligible to compete for the title Puppy of the Year (POTY).
2. POTY will be awarded to the dog and bitch with the highest total of GV/NS points.
3. The title POTY will not be placed on the dogs/bitches registration papers.
4. POTY will be awarded at the same time as GV/NS awards.
5. The dog/bitch must be registered with the TSSR for the full fiscal point year to qualify. Those Shilohs transferring into the TSSR will carry over breed points/breed championships. POTY points gathered prior to transfer will not count towards a TSSR award--only POTY points earned after the transfer will count towards a TSSR award.

Section E. REGISTER OF MERIT (ROM)

1. This title is awarded to the sire and dam when at least two of their TSSR registered progeny accumulates a minimum of 250 points as per the following table. Points will be tabulated from documentation received by the TSSR Registrar and Show Chairperson. The title ROM will appear behind the dog/bitches registered name and a new registration certificate will be issued by the TSSR registrar.

Points Achievement Points Achievement

10 pts Each Championship Point Max of 150	100 pts	Schutzhund 1
25 pts Best of Opposite	200 pts	Schutzhund 2
50 pts Best of Breed	300 pts	Schutzhund 3
10 pts Group 4	25 pts	Each Obedience leg
20 pts Group 3	100 pts	Completed Obedience Degree
30 pts Group 2	100 pts	Tracking Dog Degree
40pts Group 1	100 pts	Herding Dog Degree

Section F. WIN SHEETS

1. Win sheets must be completely filled out and submitted in order to assure that accurate dog and breeder tabulations can be documented for GV, NS, ROM, BOTY and Breed Club Championships.
2. Win sheets will be accepted from AKC fun matches, specialty shows and rare breed show organizations sanctioned by TSSR.

4. All win sheets must be signed by the show chairperson and mailed to the TSSR Chairperson postmarked within 10 days from the last day of the show or any points earned will not be credited.

Section G. **RESTRICTIONS ON SHOWING DOGS/BITCHES**

1. All breeding quality dogs/bitches that have not been neutered, spayed or altered in any other way may compete for Championship Titles.
2. Dogs holding Temporary Registration Certificates marked as breeding, show and upgradeable may be shown.
3. Outcrosses are allowed to show with those show organizations that recognize the Shiloh Shepherd outcross and allow them to show with their organization in an outcross class or Shiloh Shepherd class. OTX 1 or OTX 2 should not be represented as a "full" Shiloh Shepherd with show organizations.

ARTICLE XV. OFFICERS

Section A **Registrar**

1. Registrar is a non-compensatory position filled by TSSR Board of Directors appointment.
2. Registrar is an office of confidentiality
3. Registrar must know, comply with, and generate all TSSR Registry Rules, Forms and Certificates.
4. Registrar must supply receipts for any expenses incurred during the execution of his/her duties to the Board of Directors for reimbursement approval.
5. Registrar must be able to competently work with various computer applications as necessary to perform registration and data requirements.
6. Registrar must be able to perform duties in a timely manner.
7. Registrar must comply with all decisions and requests of the Board of Directors.
8. Registrar will provide data backups to assigned Board of Directors members.

Section B. **Board of Directors (BOD).**

1. A member of the BOD must meet the following qualifications
 - a. Must have been involved in the Shiloh Shepherd breed for a minimum of 2 years and have an interest in moving the breed forward.
 - b. Must have Kennel registered with TSSR.
 - c. Must have a Breeders Code of Ethics on file with the Registrar.
2. To become a member of the BOD, he/she must be sponsored by one current member of the BOD and approved by majority vote of the BOD
3. BOD members are expected to participate in all meetings via phone conference calls, email, or internet chat.
 - a. Excessive failure to participate will result first in a written and verbal warning, then expulsion from the Board.
4. The BOD is an office of confidentiality.
5. The BOD is a non-compensatory position and consists of President, Vice-President, Secretary, Treasurer and Advisors.

Section D. **General Rules**

1. TSSR Board and regular members of the TSSR may own Shilohs outside the TSSR registry, but are required to register their TSSR dams' litters with the TSSR.

ARTICLE XVI. AMENDMENTS

1. All changes and/or amendments to TSSR Registry Rules, Certificates, or Forms must be made by majority vote of the Board of Directors.

Please be advised that these rules have been prepared to protect the Shiloh Shepherd Breed. Anyone who needs general clarification or further explanation should contact the Registrar. Any breedings that do not meet all the criteria in the TSSR Rules and Regulations must be presented to the Board of Directors for approval prior to breeding. If you have any questions on whether your dog is eligible to have a litter registered, contact the TSSR Registrar. The final decision on any rule changes, exceptions, or decisions regarding the rules will be the responsibility of the Board of Directors.
